

To establish an entitlement to a number of areas of learning and to develop knowledge, understanding and skills necessary to make students active and responsible citizens

## CURRICULUM: 5 STAGES OF PRIMARY

### STAGE 2 | GRADE 1

Sets clear learning objectives in English, Mathematics and Science for each year of primary education

### STAGE 3 | GRADE 2

Focuses on developing knowledge and skills in core subjects which provides an excellent foundation for future study

### STAGE 4 | GRADE 3

Provides a natural progression throughout the years of primary education

### STAGE 5 | GRADE 4

Focuses on learners' development in each year

### STAGE 6 | GRADE 5

Cambridge primary is an excellent preparation for Cambridge Secondary 1, and for progression to other educational systems

# ATTRIBUTES OF CAMBRIDGE INTERNATIONAL EXAMINATIONS

## CORE SUBJECTS

Enables learners to communicate confidently and effectively and to develop the critical skills to respond to a range of information, media and texts with understanding and enjoyment.

ENGLISH

Covers four content areas: Scientific enquiry, Biology, Chemistry and Physics.

SCIENCE

ICT

Cambridge ICT Starters introduces learners to the key ICT applications they need to acquire and to understand the impact of technology on our daily lives.

MATH

Focuses on principles, patterns, systems, functions and relationships so that learners can apply their mathematical knowledge and develop a holistic understanding of the subject.
